SUMMARY

Computer Engineering student and frontend-focused web developer with hands-on experience building and deploying production features for e-commerce and CRM platforms. Solid foundation in software design, algorithms, data analysis, and object-oriented modeling, with practical skills spanning both frontend and backend development.

EDUCATION

Bachelor of Computer Engineering, IT Concentration

Sep 2021 – Present

Islamic Azad University | Tabriz, Iran | GPA: 17.25/20

- Relevant coursework: Applied Data Science, Introduction to Software Engineering, Machine Learning, Data Visualization, Operating Systems, Fundamentals of Cyber Security

PROFESSIONAL EXPERIENCE

Web Developer

Jan 2022 – Oct 2023

Azarlifters Co. | On-site, Tabriz, Iran

- Designed and developed an e-commerce web application, building the frontend with HTML, CSS, and JavaScript (React/Next.js) and the backend with Python (Django) and Node.js, backed by a SQL database
- Implemented a secure user authentication system with session management
- Integrated a payment gateway and database logic to support order processing and inventory tracking
- Tools: Git, VS Code, REST APIs

Frontend Developer Intern

Jul 2026 – Present

Motogen (motogen.com) | On-site, Tabriz, Iran

- Developed and deployed a customer payment history page, serving data to web and mobile applications with 99.9% uptime
- Designed and optimized CRM database schemas and wrote complex aggregation queries to support real-time analytics features
- Collaborated with frontend developers in a Git/GitHub environment, participating in daily standups and sprint planning
- Technologies: GitHub, Git, VS Code

PROJECTS

Management System Design Project (CRM)

- .NET, HTML/CSS, JavaScript

Personal Portfolio Website (in progress)

- React, Next.js, Node.js, Django

SKILLS

- Programming & Frameworks: Python (Django, NumPy, TensorFlow), SQL
- Software: MATLAB, Microsoft Office, Adobe Photoshop/After Effects, Docker
- Professional Skills: Teamwork & Leadership, Project Management, Time Management

LANGUAGES

- Azerbaijani (Native), Persian/Farsi, Turkish, English (C1), German (C1)
